

Uniting Police Wives Across America. One Team. One Purpose.

[Sympathy Cards/Letters](#)

A huge part of who you are as a group of police wives is your unwavering positive support for the law enforcement community. As a group, it is important to show love, support and gratitude to other departments. Sending out sympathy cards to departments at the loss of an officer, to wives who have lost their husbands in the line of duty, etc. is a great way that we can show support and love to departments and families who are suffering during times of great loss or hardship.
